Verification of Compatibility

Cisco Systems, Inc. verifies that

Alcatel-Lucent Enterprise M357s Series Desk Phones (M3s, M5s, M7s, M7s Pro), 2.15.10
a product from
Alcatel-Lucent Enterprise

Has tested compatible with Cisco BroadWorks, R25

on Feb 27, 2025

and is hereby awarded the status of Cisco Compatible

The Cisco Compatible logo signifies that the third-party product named above has undergone and passed interoperability testing by an independent Cisco Interoperability Validation Testing lab. Cisco Compatible status was based on the product version meeting test criteria set by Cisco. Cisco makes no warranties, express or implied with respect to this compatible product or its interoperation with the Cisco product(s) listed above and disclaims any implied warranties of merchantability, fitness for particular use, or against infringement. Cisco has the right to revoke this certificate of verification of compatibility at any time. This certification is not valid after the Cisco products named have reached End of Support (EOS).
