tekVizion Management Team

Chakra Devalla - Chief Executive Officer

Mr. Chakra Devalla is a founding member and CEO of tekVizion, in charge of tekVizion's strategy, Go-to-market efforts, business development, and driving the overall mission of the company. Chakra's focus on delivering quality and value throughout the customer journey has helped lead tekVizion into becoming a well-recognized brand in voice communication testing.

Prior to tekVizion, Chakra held senior level positions with other leading vendors in business communications. Chakra earned a Bachelor's degree in Mechanical Engineering and a Master's degree in Computer Science from the University of Texas, Arlington.

Sachin Vengurlekar - Chief Operations Officer

Mr. Sachin Vengurlekar is a founding member and COO of tekVizion, overseeing the daily operations including HR, Finance, and Legal. Sachin has over 30 years of experience in the telecommunications and IT industry and holds a Master's degree in Business Administration and Telecommunications Management from the University of Dallas, and a Bachelor's degree in Computer Science from the University of North Texas.

Kishore Mukkamala - Vice President, Service Delivery

Mr. Kishore Mukkamala is the Vice President of Service Delivery at tekVizion and oversees all aspects of tekVizion's deliverables and product development. Kishore has over 30 years of experience in Telecom focused on development and operations.

Prior to tekVizion, Kishore held management positions in development, product management and operations for renowned telecom businesses including Nortel Networks and Avaya. Kishore earned a Bachelor's degree in Production Engineering and a Master's degree in Computer Science from University of Texas, Arlington.

Larry Arnaud - Vice President, Software Engineering

Larry Arnaud is the Vice President of Software Engineering leading the development and evolution of tekVizion's software solutions aimed at enabling automation of Unified Communication testing. Larry has 20+ years of experience leading software development and support in the telecommunications industry.

Prior to tekVizion, Larry held leadership positions for telecommunication industry leaders including Cisco, BroadSoft, and Nortel. Larry earned his Bachelor's degree in Electrical Engineering/Computer Engineering from the University of Louisiana at Lafayette.

John Proctor - Senior Vice President, Global Sales

John Proctor, a veteran executive in the telecommunications software industry, has nearly three decades of experience in strategic business planning, leading market expansion efforts, building and leading sales teams, and driving growth through strategic partnerships.

Prior to joining tekVizion, John held sales leadership positions at companies including Cisco, BroadSoft and IBM. At BroadSoft John led the effort to develop BroadCloud, BroadSoft's cloud-based SaaS line of business. BroadCloud was central to BroadSoft's evolution from software to cloud and was a key element in Cisco's acquisition of BroadSoft.
